## Legislative Update for the week ending 03/29/2019

### Overview

We start this week's newsletter with good news on several fronts. The much-desired distracted driving bill passed through its first committee stop in the House, much to the joy and relief of many. Representative Drake, who had a large crowd at his meeting, skillfully guided the meeting and public comments to a vote where HB 107 passed without a dissenting vote. Many, including MPOAC, were greatly relieved because this was the last week of subcommittees and HB 107 had to go through the Transportation & Tourism Subcommittee. Had the bill not been heard this week, it would have been dead in the House. Our many thanks to Representative Drake for putting this important bill on his Subcommittee Agenda.

The next piece of good news, also about HB 107, is that the bill was assigned to three committee stops. This week the second committee reference (committee stop) was removed meaning that the bill only needs to be heard in the State Affairs Committee before heading to the House Floor for a full chamber vote. I am sure Representative Toledo and Representative Slosberg, the bill's co-sponsors, did a happy dance upon hearing this news.

Staying on the theme of distracted driving, in both chambers there is a desire by many to have a hands-free bill. Both bills have been amended to be much more narrowly focused, they address texting while driving and are not hands-free bills. At this point it is hard to say whether or not both bills will be amended back to hands-free or if a texting-while-driving ban will be the first step towards hands-free legislation that Florida gets in a future year. Hands free would certainly be easier for law enforcement to address than a ban only on texting while driving. Watch the distracted driving bills carefully as they make their way through the committee process. Both the House and Senate versions have only one committee stop left before a full vote in both chambers.

The Senate Scooter bill, SB 542 (Brandes) and the House Scooter bill HB 453 (Toledo) were both amended and now local controls over the launching of any scooter service in Florida are preserved. This will allow you as a local unit of government to address safety concerns in your community and maintain your vision for your city and/or county.

Let's wrap up this newsletter with one last piece of good news. The Senate President, Senator Galvano, has made it clear that he wants to see Florida invest in transportation and infrastructure. The Senate Transportation and Infrastructure Committee has advanced a committee bill (SB 7068) to greatly increase mobility, infrastructure and aid in future hurricane evacuations. The lack of a similar House bill was concerning. This week, the House Transportation and Infrastructure Appropriations Subcommittee introduced and passed a companion bill. It is shown in this update right behind SB 7068 at the back of the newsletter.

Producing a newsletter with good news all throughout is a pleasure to write. Let's hope that each future week of your MPOAC Legislative Update can be filled with equally good news. Saturday coffee with a newsletter filled with first-rate news will make for a memorable 2019 spring!

As always, the new bills and changes to existing bills are shown in **RED** in the last section of the newsletter. Sections shown in ~~strike through~~ represent items removed due to an amendment to a bill. Your MPOAC Legislative Update will keep you apprised of changes and amendments.

Grab a cup of coffee and enjoy this edition of the MPOAC Legislative Update.

## Legislation of interest to the membership

This is a summary of transportation related bills filed and published on the legislature's website as of March 29, 2019. Bills are listed in numerical order for your convenience. As the session and bills progress, this ordering of bills will make it easier to follow the status of any particular bill you are tracking. All updates to this section of the newsletter and bills shown below will be in **RED** so you can quickly distinguish between updates and old news. Sections shown in ~~strike through~~ represent items removed due to an amendment to a bill.

**HB 5: Discretionary Sales Surtaxes – (General Bill by Local, Federal and Veterans Affairs Subcommittee; DeCeglie; Co-Introducers: Hill)** – Similar to SB 336 by Brandes (Requires Sales Surtax referendum be held on a general election ballot only). This bill does a number of things, the primary concern to transportation is the requirement that any sales surtax that could be used by transportation and/or infrastructure would have to be put to a vote of the residents in a general election and would require approval by two-thirds of electors voting on the ballot measure to pass. The bill would also require a county wanting to hold a discretionary sales surtax referendum to notify the Office of Program Policy Analysis and Government Accountability at least 180 days prior to the vote. If not, the vote is voided. Referred to Local, Federal and Veterans Affairs Subcommittee; Ways and Means Committee; State Affairs Committee. Passed Local, Federal and Veterans Affairs Subcommittee; 9 Yeas, 3 Nays. Passed Ways and Means Committee; 12 Yeas, 5 Nays. **SB 660: Transportation – (Brandes)** – *Editorial Notes: This is a lengthy bill that covers many aspects of transportation. Some are not of interest to MPOs. Of interest to the MPO community: For express lanes on a tolled facility, if the travel speed falls below 40 MPH then the user must be charged the minimum express lane toll amount. Any toll facility that is to be transferred, sold or acquired by a local entity must be approved by the legislature.*

Requires the Department of Transportation to submit a report to the Governor, Senate President and Speaker of the House evaluating the current work program and its benefits to Florida. This report is currently evaluated by the Florida Transportation Commission only. The Florida Transportation Commission shall review revenue sources and the impacts which are expected to be felt by electric and hybrid vehicles. The report must include recommendations ensuring continued funding to meet transportation needs in Florida. This report shall be provided to the Governor and Legislature. Requiring the Department of Transportation to consist of a central office that establishes policies and procedures and districts that carry out projects as authorized or required under the policies and procedures of the central office; prohibiting the driver of any vehicle from following another vehicle more closely than is reasonable and prudent given certain circumstances; revising the number of times that certain persons may elect to attend a basic driver improvement course; providing requirements, beginning on a specified date, for license plates, cab cards, and validation stickers for vehicles registered in accordance with the International Registration Plan; directing the department to implement protocols for issuing an optional electronic credential and to procure a related technology system, etc. Referred to Infrastructure and Security; Appropriations Subcommittee on Transportation, Tourism, and Economic Development; Appropriations

**HB 681: Florida Transportation Commission – (Zika; Co-Introducer: Roach)** – Editorial note: This bill eliminates the Florida Transportation Commission (FTC) and anywhere there is a reference to the FTC, the responsibilities are shifted the Florida Department of Transportation. The content of this bill looks as if someone did a search for “Florida Transportation Commission” and took those sections of Florida Statutes and included them in this bill. Removes requirement that Secretary of Transportation be nominated by FTC & that secretary provide assistance to FTC; removes provisions relating to creation, membership, duties, meetings, executive director & staff, & budget of FTC; removes requirement that FTC review certain transportation policy initiatives; repeals provisions relating to transportation performance & productivity standards; revises membership & member approval of Center for Urban Transportation Research advisory board; revises provisions relating to review & evaluation of

On Committee Agenda – Community Affairs, 03/12/2019, 4:00PM, 301 Senate Office Building. Favorable by Community Affairs; 5 Yeas, Zero Nays. Now in Infrastructure and Security. On Committee agenda-- Infrastructure and Security, 03/26/19, 4:00 pm, 110 Senate Building – **Not Considered. On Committee agenda-- Infrastructure and Security, 04/02/19, 2:00 pm, 110 Senate.**

**SB 898: Transportation – (Diaz)** – *Editorial Notes: This is the companion bill to HB 385 and among other things it revises the structure of the Miami-Dade TPO. This is the primary concern of MPOs. Given the rapid advancement of HB 385 and the positive remarks it has received by members of the House, this bill has the potential to advance quickly. Membership should watch this bill. Please see HB 385.*

Revising the authorized uses of proceeds from charter county and regional transportation system surtaxes; revising the preservation goals of the Department of Transportation to include ensuring that all work on the State Highway System meets department standards; requiring the department to approve design plans for all transportation projects relating to department-owned rights-of-way under certain circumstances; prohibiting the department from using toll revenues from high-occupancy toll lanes or express lanes to offset certain funding, etc. Referred to Infrastructure and Security; Appropriations Subcommittee on Transportation, Tourism, and Economic Development; Appropriations. On Committee Agenda – Infrastructure and Security, 03/12/2019, 4:00PM, 110 Senate Office Building. The bill was revised and now it does nothing to the Miami-Dade TPO. Passed Infrastructure and Security with the amendment removing the

restricting of the Miami-Dade TPO; 7 Yeas, 1 Nay. Now in Appropriations Subcommittee on Transportation, Tourism, and Economic Development.

**HB 905: Department of Transportation – (Andrade)** – Identical to SB 1044 by Albritton. *Editorial Notes: This bill eliminates the requirement that the Secretary of Transportation be selected from among three nominees chosen by the Florida Transportation Commission. The Secretary would be chosen directly by the Governor. Requires that 80% of the pavement in each DOT district meet DOT standards which is expected to reduce funding available for capacity expansion. Prohibits local governments from having aggregate materials specifications that are different than the DOTs. The big issue in this bill is that state statutes are changed to require that 75% of the capacity expansion funds be spent on the Strategic Intermodal System (SIS). Currently state statute requires that at least 50% of any new discretionary capacity funds be spent on the SIS and by policy the DOT spends 75%. Policies can be changed more easily than state statutes, this would take away any flexibility of the department and make it more difficult for local units of government to access state transportation funds for capacity improvements. The bill requires the department to give priority to correcting or improving sections of the interstate system that experience unusually high accident rates. If a section of interstate has non-recurring congestion that accounts for more than 75% of the total congestion, then the DOT must begin PD&E studies within three years.*

Revises provisions related to DOT, including requirements for appointment of Secretary of Transportation, computation of mileage, pavement standards, construction contracts, use of toll revenue, allocation of transportation capacity funds, facility improvements, & project development & environmental studies. Referred to Transportation and Infrastructure Subcommittee; Transportation and Tourism Appropriations Subcommittee; State Affairs Committee. On Committee agenda-- Transportation and Infrastructure Subcommittee, 03/12/19, 12:30 pm, Reed Hall. Amendment passed on this bill in Transportation and Infrastructure Subcommittee. The amendment removed the requirement that 80% of the pavement in each DOT district meet DOT standards. Also removed is the provision that requires 75% of capacity expansion funds be spent on the Strategic Intermodal System (SIS). Passed Transportation and Infrastructure Subcommittee; 14 Yeas, Zero Nays. Now in Transportation and Tourism Subcommittee. **Passed Transportation and Tourism Appropriations Subcommittee; 11 Yeas, Zero Nays. Now in State Affairs Committee.**

**HB 929: Driving Under the Influence – (Antone; Plakon)** – Similar to SB 612 by Baxley. Requires ignition interlock provider to discount monthly leasing fee for ignition interlock device by certain percentage for certain persons; exempts such person from paying costs of installation of device; authorizes court to withhold adjudication of guilt for certain DUI offenses; requires court to order adjudication of guilt if certain requirements are not met; authorizes person to petition court for withhold of adjudication 5 years after his or her conviction. **SB 7068: Public Financing of Construction Projects – (General Bill by Infrastructure and Security)** – **Companion Bill in House – Proposed Committee Bill Transportation & Tourism Appropriations Subcommittee 19-02.** This bill moves all monies from vehicle registrations into the transportation trust fund. Currently a portion goes to general revenue. The bill gradually shifts all motor vehicle registration fees into the transportation trust fund and by State Fiscal Year this would place an estimated additional \$135 Million per year in the transportation trust fund. This would mean a reduction in state spending in some area, that is not addressed in the bill. The bill also creates the Multi-Use Corridors of Regional Economic Significance Program within FDOT. Identified roadways that are to be built by FDOT are the Southwest-Central Florida Connector (Collier County to Polk County); the Suncoast Connector (Citrus to Jefferson County) and the Northern Turnpike Connector (Suncoast Parkway to the Turnpike at Wildwood). The bill requires the new corridors to be tolled and specifies these will be SIS facilities. Additionally, the new corridors would be permitted to use monies from the transportation trust fund, as a loan to be repaid, which during construction would reduce available funds from the rest of the state. Bonding and other financing options are made available as well. Here is the description on the Florida Senate website: Creating the Multi-use Corridors of Regional Economic Significance Program within the Department of Transportation; specifying that projects undertaken in the corridors are tolled facilities and certain approved turnpike projects, and are considered as Strategic Intermodal System facilities; requiring the department to identify certain opportunities to accommodate or co-locate multiple types of infrastructure-addressing issues during the project development phase, etc. Submitted as Committee Bill and Reported Favorably by Infrastructure and Security; 7 Yeas, Zero Nays. Referred to Appropriations Subcommittee on Transportation, Tourism, and Economic Development; Appropriations. On Committee agenda-- Appropriations Subcommittee on Transportation, Tourism, and Economic Development, 03/19/19, 1:30 pm, 110 Senate Building. Passed Appropriations Subcommittee on Transportation, Tourism, and Economic Development; 8 Yeas, Zero Nays. Now in Appropriations.
